### \*NOT INCLUDED

- US Customs Exams - Unknown at this time, and no control over this. Most probably, there will be X-rays to make sure there is no contraband in the container. Officials need to see everything in a container. Also, there could be an intensive exam, which is up to US Customs/Border Protection.
- You have five (5) days of free time at the port. Once the container sets on the ground, your free time starts.
- It is recommended that you discuss with your insurance agent to see if you are already covered—not only for shipping to the US—but also for unannounced or unscheduled US Customs inspections.
- Below is the clause that you should have in your insurance:

### INSURING TERMS AND CONDITIONS

Antiques and Fine Arts and Custom Cut Stone – All risk, excluding rust, oxidation, discoloration, marring, denting, chipping, and scratching. Also excludes loss or damage due to wear, tear, gradual deterioration, and climactic or atmosphere conditions or extremes of temperature.  
Deliberate Damage - Customs Service

This policy shall also specifically cover, while the goods and/or merchandise are in the due course of transit, physical loss or physical damage to the goods and/or merchandise insured arising out of the performance of inspection duties by Customs Service Agents or other duly constituted governmental agencies who are performing inspection duties of or for the Customs Service.
